

Arkansas Distance Learning Consortium Bell Schedule 2011-2012

Compressed Interactive Video classes will be offered during the following times. It is not necessary for schools to adopt the bell schedule in its entirety. This schedule is designed to serve both 45 minute and 50 minute period schedules. Any district, regardless of local bell schedule, is invited to access the Consortium classes as long as the students are in the class during the scheduled instructional time. Schools are given a discretionary five-minute period either at the beginning of the class time or the end as designated in the Arkansas Rules Governing Distance Learning.
